### Issue location

- Profile page

### Issue details and actual behaviour

- After creating contact and inputting the company information, it doesn't show up on the profile page.

The screenshot displays a user profile for 'Dua Lipa'. The profile includes a name field, a gender field set to 'Female', and three expandable information sections: 'Contact', 'Company Information', and 'Task Information'. The 'Contact' section is expanded, showing 'Mobile: 0462575454' and 'Email: dula@gmail.com'. The 'Company Information' and 'Task Information' sections are collapsed, showing only their respective titles and edit icons.
